THE ANSWER

Take TITSA line 40 from the stop opposite arrivals - EUR 3.20 to Los Cristianos and EUR 3.70 to Costa Adeje paid in cash or by contactless card, dropping to EUR 2.80 and EUR 2.90 with a Ten+ card, roughly every 30 minutes.

The south resorts are one straight corridor from the airport, the 40 runs it all day, and a EUR 2 Ten+ card pays for itself on the first journey. Heading to the capital? Line 10 runs direct to Santa Cruz for EUR 9.35, or EUR 8.45 loaded on a Ten+ wallet. Landing after midnight? The 711 night bus leaves for Los Cristianos and Costa Adeje nine times between 23:00 and 04:50.

EVERY WAY OUT — REAL PRICES

TITSA line 40 (Los Cristianos / Costa Adeje) *BEST FOR MOST* EUR 3.20-3.70

The workhorse route: airport -> Playa de las Américas -> Costa Adeje bus station, via Los Cristianos. EUR 3.20 to Los Cristianos and EUR 3.70 to Costa Adeje paid in cash or by contactless card, EUR 2.80 and EUR 2.90 with a Ten+ card. First bus around 06:30 and roughly every 30 minutes until about 21:40, taking 30-40 minutes. The stop is directly opposite the terminal exit.

TITSA line 10 (Santa Cruz) EUR 9.35

Direct to the island's capital in about 40-55 minutes, calling at Cruce Caletillas and Cruce San Isidro. EUR 9.35 in cash or by contactless card, EUR 8.45 with a Ten+ wallet. Roughly every 30 minutes by day, irregularly about hourly at night, when it is numbered 711.

TITSA line 343 (Puerto de la Cruz / Tenerife North) EUR 9.70-13.55

The express that links both airports and both coasts - the only through service to the north. EUR 9.70 to Tenerife North airport and EUR 13.55 to Puerto de la Cruz, four to five times a day each way. TITSA's own timetable for the line gives 100 minutes end to end, even though the airport advertises 50.

TITSA line 711 (night bus) EUR 3.20-3.70

Santa Cruz -> airport -> Los Cristianos -> Costa Adeje, the same corridor as lines 10 and 40, run at night. Nine departures between 23:00 and 04:50, at the same fares as the daytime routes. It is the only thing moving after the last 40.

Taxi (official rank) EUR 28-45

Metered municipal cars, white, at the rank outside arrivals - no booking and usually no long wait. Aena publishes no fixed fare for Tenerife South, so you pay the meter plus traffic: expect roughly EUR 28-36 to Los Cristianos and Playa de las Américas and EUR 35-45 to Costa Adeje. Golf del Sur and El Mdano are the shortest hops at 10-12 minutes.

THE TRAPS — WALK PAST THESE

Line 111 no longer stops at the airport

The 111 was rerouted and now only calls at the Enlace Aeropuerto stop on the motorway, about 2 km from the terminal - with no pavement and no way to walk in. Guides that still send you to the airport on the 111 are describing the old route. **Do this:** take line 40 (or 343 or 711) from the stop opposite arrivals, and never plan to walk from Enlace Aeropuerto

Paying cash charges you the tourist rate

The same seat on line 40 is EUR 3.70 in cash and EUR 2.90 with a Ten+ card; to Los Cristianos it is EUR 3.20 against EUR 2.80. TITSA's whole pricing model rewards the card, and the gap widens on the long runs - Santa Cruz is EUR 9.35 cash against EUR 8.45 loaded. **Do this:** buy a EUR 2 Ten+ card at the airport ticket machine or use the Ten+ Mvil app before you board

The 343 takes twice as long as the airport claims

Aena's page says the 343 runs between the two airports non-stop in 50 minutes. TITSA's own page for the line gives 100 minutes. If you are connecting between Tenerife South and Tenerife North, the short figure will make you miss the connection. **Do this:** plan on the operator's 100-minute figure and leave an hour and three quarters between the two airports

There is no tram, and nothing after the night bus

Metrotenerife's tram runs only between Santa Cruz and La Laguna and serves no airport. The 711 night bus is the only service in the small hours and it is not hourly - after it stops, the taxi rank is the only way out. **Do this:** check the 711 times before relying on a late landing, and fall back on the taxi rank if it has gone

A travelcard is not the cheapest way to make one trip

The 24-hour travelcard is EUR 10 and the 7-day pass EUR 50, and both are personal - one per person. For a single airport run, or for two people, loading the shared Ten+ wallet instead gives the same discounted fares without paying for unlimited travel you will not use. **Do this:** buy a EUR 2 Ten+ card and load the wallet for airport runs; only buy a travelcard if you will ride four or more times a day

KNOW BEFORE YOU WALK

- Line 40 runs airport -> Playa de las Américas -> Costa Adeje -> Los Cristianos, first bus around 06:30 and roughly every 30 minutes until about 21:40.
- TITSA's own airport page lists exactly five lines at Tenerife South: 10, 40, 711, 343 and 415.
- Every TITSA bus takes a contactless Visa or Mastercard at the same price as cash, including cards in a phone or watch - useful if you have not bought a Ten+ card.
- The Ten+ card costs EUR 2, tops up from EUR 5 to EUR 100 in steps and can be shared by several people; the EUR 10 day and EUR 50 week travelcards are personal.
- Line 415 covers Golf del Sur, Las Galletas and San Isidro for about EUR 2.45 - the cheapest way to the San Isidro side.
- Aena publishes no fixed taxi fare for Tenerife South, so any 'flat airport rate' quoted at the kerb is not a published price.

Prices verified October 2026 against TITSA's published fares and its Tenerife South airport page, and Aena's Tenerife Sur pages. Line 40 Los Cristianos EUR 3.20, Costa Adeje EUR 3.70 in cash or by contactless card, EUR 2.80 and EUR 2.90 with Ten+ - line 10 Santa Cruz EUR 9.35 (EUR 8.45 Ten+ wallet) - line 343 Tenerife North EUR 9.70, Puerto de la Cruz EUR 13.55 - line 415 San Isidro EUR 2.45 - Ten+ card EUR 2, 24-hour travelcard EUR 10, 7-day travelcard EUR 50. Aena publishes no fixed taxi fare for this airport, so the EUR 28-45 range is an estimate from metered municipal tariffs, not a published price.
